To Whom It May Concern:

Dear Chuck Wallach:

I would briefly like to say thank you to the PAP-IMI family for giving me the opportunity for the first time in 13 years, that I can literally say, I've been pain-free for the last 7 weeks. It's amazing how it started, 7 weeks ago; I had a phone call from Dr. Seifert to go to the Hampton Inn to see Jerry Anderson, who has a pain machine that literally takes pain away. I had a thirty-minute session at the hotel and for the first time in my life I had no pain. When I left the room I was actually crying because for the first time after 48 specialists, going to the University of Minnesota, Methodist Hospital, the V.A. and Mayo Clinic, working on my blood studies and on my pain and after \$2 Million later, with insurance paying the tab, and taking 79 medications a day for over 5 years and even drinking 21 doubles a night, it didn't take the pain away. This machine is a miracle, I do believe. The first time I didn't believe, the sixth time I started to believe in it. After 15 times on the machine, I knew that the most difficult cases in life it could work on. The key to it is just learning to believe in your self. Thanks again for everything.

Sincerely,

Johnny Heurung
