Dear Dr. Pappas:

Enclosed is a copy of letter of approval from Canadian authority. The Accession No. 168,402 is your reference number and should be maintained for any future correspondence. This letter should be kept in your file as an official document, which permits you to market your ~~Liex~~ **Device** into Canada. Please note the Canadian authority similar to U.S. FDA does not approve your product but approves your labels and claims. If you make any changes in the future, you will have to amend the application.

If you have any questions, please do not hesitate to contact me.

Sincerely,

MDI CONSULTANTS, INC.
